

THE FINANCIAL FOUNDATION THAT KEEPS THE PROMISE.

UPC Insurance was founded, built, and grown for one purpose: to **Keep the Promise®** of providing world-class insurance products for agents and policyholders in coastal states. Not only do we stay committed to this mission, we actively work to innovate, refine, and enhance how we do it every day along the way. Let's explore how:

HERE IN
YOUR TIME OF
GREATEST NEED

- UPC is the premier provider of property insurance in **catastrophe-exposed areas**
- We are licensed in 18, **actively writing in 12 states**
- UPC has more than **\$535 million** of equity capital and **\$3.1 billion** of total reinsurance protection
- We are fully transparent as a **publicly traded** company (NASDAQ: UIHC)

Financially strong with a proven track record.

Through thousands of routine events and dozens of separate tropical storms and hurricanes, we have paid claims and helped support those who count on us. UPC has done all of this while remaining financially sound.

Transparency for all to see.

As a publicly traded company, we pride ourselves on being transparent and open about our finances.

A smart strategy for financial strength.

Our financial foundation is based on real-world events. We have modeled every historical hurricane affecting the United States over the last 118 years. The result? Since 1899, no hurricane would have exhausted more than 55% of our 2017-2018 catastrophe reinsurance program.

Peace of mind is yours.

Our financial foundation is innovative, rigorously designed, and recognized by industry regulators, rating agencies, and reinsurers. When you need UPC, we will be here for policyholders in their time of greatest need.
